5400 CHAIR

Value You Can Depend On

PRACTICAL

Clinical-First, Comfort-Focused Design

- **Sit or stand—it's your choice.** As the highest-rising chair in the industry (up to 36.5"), the 5400 delivers exceptional treatment flexibility while supporting optimal clinician comfort across procedures.
- **Industry-leading lift capacity.** Supporting up to a 525 lb patient weight (650 lb total system capacity, excluding delivery unit and light), the 5400 is a truly comprehensive chair designed to enhance stability, safety, and patient comfort.

PROFESSIONAL

Premium Construction

- **Next-generation core platform.** Building on field-tested engineering, the 5400 delivers a focused, high-performance design, engineered for durability, reliability, and long-term performance
- **Assembled in the USA** to ensure superior quality with shorter lead times, and **exceptional value.**

PROVEN

Clinically Tried and True

- Backed by a long history of clinical performance and continuous innovation.
- For more than 100 years, DENTALEZ has delivered the ultimate dental experience—earning the trust of clinicians while enhancing patient comfort.

Features at a Glance

Essential Features for High-Volume Practices

- Fully adjustable chair positioning for clinical precision
- Ergonomic design for clinician comfort
- High-quality, durable upholstery for patient satisfaction
- Robust base and frame engineered for longevity
- Smooth, quiet operation for a calm clinical environment

Designed Around Your Practice

Proven to enhance workflow, improve patient experience, and provide consistent, reliable performance—every day.

“From a day-to-day clinical standpoint, the chair presents as solid, practical, and well-suited for high-volume, real-world dentistry. The overall design supports efficient operatory flow and ergonomics that matter during long procedures and full schedules.”

Dr. Benjamin Gates
Coeur d’Alene, ID
