SCAN-X®

Your Complete Digital X-Ray Solution.

AIR
TECHNIQUES equipped for life®

Digital Imaging Without Limits

ScanX® digital radiography systems from Air Techniques deliver crystal clear images in seconds. These compact, powerful systems utilize wireless, flexible and thin PSPs. ScanX PSPs enable easier placement and access to more difficult areas of the mouth. Diagnostic abilities increase and radiographs become more comfortable for your patients.

Easy And Familiar Workflow

ScanX will seamlessly integrate into your practice.

- Easily installed, it will work with your existing X-Ray system, AC or DC.
- The film-like workflow will enable your staff to confidently start using ScanX with virtually no learning curve.
- ScanX delivers clear, crisp images every time, which helps eliminate the need for retakes, minimizing the overall exposure for your patients.
- Compatible with most dental imaging and practice management software.

Smart Investment

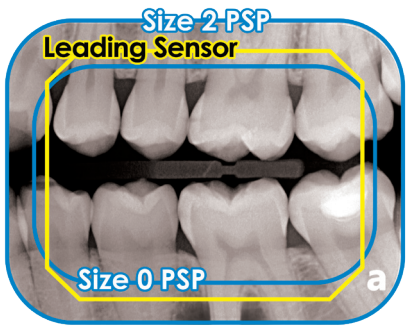

ScanX is the most economical digital solution for any practice. The thin, wireless PSPs offer many advantages to your practice and patients.

- They require no annual maintenance fees or costly insurance.
- Once a PSP has been inserted into ScanX, the sharp, crisp image appears on your screen in seconds.
- The durable PSPs are immediately ready to be used again thanks to the automatic read and erase technology.
- Your digital images are ready to be reviewed, shared, archived or emailed.

Exceptional Diagnostic Clarity

With ScanX you capture 100% of the images you want, ensuring a confident diagnosis while helping your patients understand and receive the treatment they need. ScanX delivers sharp, clear images in up to 20 lp/mm true resolution, meeting the needs of all diagnostic requirements.

ScanX systems deliver images for intraoral sizes (up to 0, 1, 2, 3, 4) for patients of all ages and anatomies. These thin, flexible PSPs offer clear advantages for both your staff and patients: easy to position and sit more comfortably in the patient's mouth. With ScanX RFID IDX PSP technology there is no stored Patient Data, wrong size exposure connection and traceability of the psp's over time.

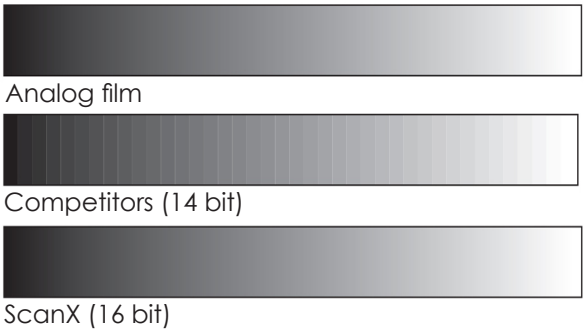

Capture 17% to 38% more image area with ScanX PSPs

- Provide more mesial-distal information and never miss a root tip or distal cusp.
- ScanX PSPs help you to never miss important structures, thanks to the larger diagnostic area and a 100% active area.
- Did we mention fewer retakes?

Excellent Image Quality

Digital filters for reliable diagnostics: The Air Techniques imaging software automatically optimizes and saves all images. Diagnosis-supporting filters can also be used to adjust the contrast and sharpness of images. This enables a more detailed diagnosis. The enhanced quality of images allows the operator to convincingly explain potential options and treatment plans to patients.

Specifications

Description	Part No.	True Resolution / Theoretical Resolution	Scanning Track/ PSP Sizes	Dimensions (L x W x H)	Interface	Weight
ScanX Duo	D1000A D1000J D1000K D1000T	Up to 20 lp/mm Up to 40 lp/mm	2 Tracks Intraoral Sizes 0-4 Central Imaging	cm: 30 x 25 x 26	USB	9.75 Kg
ScanX Intraoral View	G8600A	Up to 20 lp/mm Up to 40 lp/mm	4 Tracks Intraoral Sizes 0-4 Central Imaging	cm: 41 x 38 x 45	WiFi/LAN	20 Kg
ScanX Edge	G8300A	Up to 16.7 lp/mm Requires IDX PSPs	1 Track Intraoral Sizes 0-2	cm: 21.6 x 16.7 x 24.4	LAN	4 Kg

Accessories

Intraoral Phosphor Plates (PSPs) for the Duo/IO View

Size 0, PN 73445-0, Qty. 2
Size 1, PN 73445-1, Qty. 2
Size 2, PN 73445-2, Qty. 4
Size 3, PN 73445-3, Qty. 2
Size 4, PN 73445-4, Qty. 1

Intraoral IDX Phosphor Plates (RFID PSPs) for the Edge

Size 0, PN G3620, Qty. 2
Size 1, PN G3621, Qty. 2
Size 2, PN G3622, Qty. 4

Patented, Easy-Open Barrier Envelopes

Size 0, PN 73248-0, Qty. 100
Size 1, PN 73248-1, Qty. 100
Size 2, PN 73248-2, Qty. 300
Size 2, PN 73248-2K, Qty. 1,000
Size 3, PN 73248-3, Qty. 100
Size 4, PN 73248-4, Qty. 50

Duo Plate Guides

Size 0, PN 73566-0, Qty. 1
Size 1, PN 73566-1, Qty. 1
Size 2, PN 73566-2, Qty. 1
Size 3, PN 73566-3, Qty. 1
Size 4, PN 73566-4, Qty. 1

Edge Plate Cartridges

Size 0, PN G8310-0, Qty. 1
Size 1, PN G8310-1, Qty. 1
Size 2, PNG8310-2, Qty. 1

Intraoral View Plate Guides

Size 0, PN G8610-0N, Qty. 1
Size 1, PN G8610-1N, Qty. 1
Size 2, PN G8610-2N, Qty. 1
Size 3, PN G8610-3N, Qty. 1
Size 4, PN G8610-4N, Qty. 1

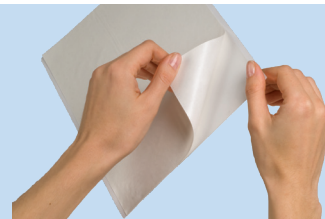

Plate Transfer Box

PN 73470, Qty. 1

PSP Cleaning Wipes

PN B8910, Box of 50

ScanX Cleaning Sheets

PN D1010, Qty. 12
PN D1020, Qty. 25
