Version: 1.0

### **SECTION 1: IDENTIFICATION**

<u>Product Identifier</u> <u>Product Form: Mixture</u>

**Product Name: OPOTOW® TRIAL CEMENT** 

Product Code: 052120-000 Intended Use of the Product

A non-hardening temporary cement designed for trial cementation of bridgework, splints, and porcelain-fused-to-metal crowns and

bridges. For professional dental use only.

### Name, Address, and Telephone of the Responsible Party

**Company** Water Pik, Inc.

1730 East Prospect Road Fort Collins, CO 80553-0001 800/525-2020 (8 am- 4pm MST)

**Emergency Telephone Number** 

Emergency Number : 800/424-9300 (24 Hr: CHEMTREC)

# **SECTION 2: HAZARDS IDENTIFICATION**

### **Classification of the Substance or Mixture**

#### Classification (GHS-US)

Eye Irrit. 2A H319
Skin Sens. 1 H317
Carc. 2 H351
Repr. 1B H360
Aquatic Acute 1 H400
Aquatic Chronic 2 H411

Full text of H-phrases: see section 16

# Label Elements GHS-US Labeling

Hazard Pictograms (GHS-US)

Signal Word (GHS-US) : Danger

**Hazard Statements (GHS-US)** : H317 - May cause an allergic skin reaction.

H319 - Causes serious eye irritation. H351 - Suspected of causing cancer.

H360 - May damage fertility or the unborn child.

H400 - Very toxic to aquatic life.

H411 - Toxic to aquatic life with long lasting effects.

**Precautionary Statements (GHS-US)**: P201 - Obtain special instructions before use.

P202 - Do not handle until all safety precautions have been read and understood.

P261 - Avoid breathing vapors, mist, spray.

P264 - Wash hands, forearms, and exposed areas thoroughly after handling. P272 - Contaminated work clothing must not be allowed out of the workplace.

P273 - Avoid release to the environment.

P280 - Wear protective clothing, protective gloves, eye protection.

P302+P352 - IF ON SKIN: Wash with plenty of water.

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove

contact lenses, if present and easy to do. Continue rinsing.

EN (English US) 1/9

#### Safety Data Sheet

According To Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules And Regulations

P308+P313 - If exposed or concerned: Get medical advice/attention.

P333+P313 - If skin irritation or rash occurs: Get medical advice/attention.

P337+P313 - If eye irritation persists: Get medical advice/attention.

P362+P364 - Take off contaminated clothing and wash it before reuse.

P391 - Collect spillage.

P405 - Store locked up.

P501 - Dispose of contents/container in accordance with local, regional, national,

territorial, provincial, and international regulations.

**Other Hazards** Exposure may aggravate those with pre-existing eye, skin, or respiratory conditions.

Unknown Acute Toxicity (GHS-US) 99.5 % of Part A consists of ingredient(s) of unknown acute toxicity.

# **SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS**

#### Mixture

#### Part A

| Name                                       | Product Identifier   | % (w/w)  | Classification (GHS-US) |
|--------------------------------------------|----------------------|----------|-------------------------|
| Proprietary Silicone Mixture               | (CAS No) Unavailable | 60 - 100 | Not classified          |
| Silica, amorphous, fumed, crystalline-free | (CAS No) 112945-52-5 | 1 - 5    | Not classified          |

#### Part B

| Name                                        | Product Identifier   | % (w/w) | Classification (GHS-US)   |
|---------------------------------------------|----------------------|---------|---------------------------|

|                                             |                      |         | Eye Irrit. 2A, H319       |
|                                             |                      |         | Aquatic Chronic 3, H412   |

The specific chemical identity and/or exact percentage of composition has been withheld as a trade secret.

Full text of H-phrases: see section 16

# **SECTION 4: FIRST AID MEASURES**

### **Description of First Aid Measures**

**General:** Never give anything by mouth to an unconscious person. IF exposed or concerned: Get medical advice/attention.

**Inhalation:** When symptoms occur: go into open air and ventilate suspected area. If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.

**Skin Contact:** Remove contaminated clothing. Drench affected area with water for at least 15 minutes. Obtain medical attention if irritation develops or persists.

**Eye Contact:** Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. Obtain medical attention if irritation persists.

Ingestion: Rinse mouth. Do NOT induce vomiting.

#### Most Important Symptoms and Effects Both Acute and Delayed

**General:** Causes irritation. Exposure may produce an allergic reaction. There are potential chronic health effects to consider.

**Inhalation:** May cause respiratory irritation. Sneezing, coughing, burning sensation of throat with constricting sensation of the larynx and difficulty in breathing. High concentration of vapors may induce: headache, nausea, dizziness.

EN (English US) 2/9

#### Safety Data Sheet

According To Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules And Regulations

**Skin Contact:** May cause an allergic skin reaction. Redness, pain, swelling, itching, burning, dryness, and dermatitis. Damage to central nervous system. May cause narcotic effects if absorbed through skin similar to ingestion. May cause skin sensitization and irritation. May be harmful in large amounts.

Eye Contact: Redness, pain, swelling, itching, burning, tearing, and blurred vision.

**Ingestion:** May cause nausea, vomiting, and diarrhea.

**Chronic Symptoms:** May damage fertility or the unborn child. Suspected of causing cancer. **Indication of Any Immediate Medical Attention and Special Treatment Needed** 

If medical advice is needed, have product container or label at hand.

### **SECTION 5: FIRE-FIGHTING MEASURES**

### **Extinguishing Media**

**Suitable Extinguishing Media:** Dry chemical powder, alcohol-resistant foam, carbon dioxide (CO<sub>2</sub>). **Unsuitable Extinguishing Media:** Water may be ineffective. Use of heavy stream of water may spread fire.

### **Special Hazards Arising From the Substance or Mixture**

**Fire Hazard:** Product is not flammable. **Explosion Hazard:** Product is not explosive.

**Reactivity:** Hazardous reactions are unlikely to occur under normal circumstances.

#### **Advice for Firefighters**

**Precautionary Measures Fire:** Exercise caution when fighting any chemical fire. **Firefighting Instructions:** Use water spray or fog for cooling exposed containers.

**Protection During Firefighting:** Do not enter fire area without proper protective equipment, including respiratory protection. **Hazardous Combustion Products:** Combustion produces irritating gases and vapors. Formaldehyde. Hydrocarbons. Aldehydes.

Ketones. Phthalic anhydride. **Reference to Other Sections** 

Refer to section 9 for flammability properties.

## **SECTION 6: ACCIDENTAL RELEASE MEASURES**

#### Personal Precautions, Protective Equipment and Emergency Procedures

General Measures: Avoid all contact with skin, eyes, or clothing. Avoid breathing vapor, mist, or spray.

#### **For Non-Emergency Personnel**

Protective Equipment: Use appropriate personal protection equipment (PPE).

Emergency Procedures: Evacuate unnecessary personnel.

#### For Emergency Personnel

**Protective Equipment:** Equip cleanup crew with proper protection.

**Emergency Procedures:** Upon arrival at the scene, a first responder is expected to recognize the presence of dangerous goods, protect oneself and the public, secure the area, and call for the assistance of trained personnel as soon as conditions permit.

#### **Environmental Precautions**

Prevent entry to sewers and public waters.

#### Methods and Material for Containment and Cleaning Up

For Containment: Contain any spills with dikes or absorbents.

Methods for Cleaning Up: Clear up spills immediately and dispose of waste safely.

### **Reference to Other Sections**

See Section 8, Exposure Controls and Personal Protection. See Section 13, Disposal Considerations

### **SECTION 7: HANDLING AND STORAGE**

### **Precautions for Safe Handling**

**Hygiene Measures:** Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and again when leaving work. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.

#### **Conditions for Safe Storage, Including Any Incompatibilities**

Technical Measures: Container remains hazardous when empty. Continue to observe all precautions.

**Storage Conditions:** Store in a dry, cool and well-ventilated place. Keep container closed when not in use. Store away from incompatible materials.

Incompatible Materials: Strong acids. Strong bases. Strong oxidizers.

Storage Area: Store locked up.

EN (English US) 3/9

Safety Data Sheet

According To Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules And Regulations

**Specific End Use(s)** A non-hardening temporary cement designed for trial cementation of bridgework, splints, and porcelain-fused-to-metal crowns and bridges. For Professional Dental Use.

#### SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### **Control Parameters**

For substances listed in section 3 that are not listed here, there are no established Exposure limits from the manufacturer, supplier, importer, or the appropriate advisory agency including: ACGIH (TLV), NIOSH (REL), OSHA (PEL), Canadian provincial governments, or the Mexican government

| the Mexican government      |                                                          |                          |  |

#### **Exposure Controls**

**Appropriate Engineering Controls:** Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapor or mists below the applicable workplace exposure limits. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

Personal Protective Equipment: Protective clothing. Gloves. Protective goggles.

Materials for Protective Clothing: Chemically resistant materials and fabrics.

Hand Protection: Wear chemically resistant protective gloves.

Eye Protection: Chemical safety goggles.

Respiratory Protection: If exposure limits are exceeded or irritation is experienced, NIOSH approved respiratory protection should

be worn.

Other Information: When using, do not eat, drink or smoke.

EN (English US) 4/9

Safety Data Sheet

According To Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules And Regulations

#### **SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**

### **Information on Basic Physical and Chemical Properties**

Physical State : Liquid

**Appearance** : A two part, thick orange gel

Odor: Clove-likeOdor Threshold: Not availablepH: Not availableEvaporation Rate: Not availableMelting Point: Not availableFreezing Point: Not availableBoiling Point: Not available

Flash Point : 185 °C (365 °F), open cup

Auto-ignition Temperature: Not availableDecomposition Temperature: Not availableFlammability (solid, gas): Not availableLower Flammable Limit: Not availableUpper Flammable Limit: Not availableVapor Pressure: Not availableRelative Vapor Density at 20 °C: Not available

Specific Gravity : 1-3

Solubility : Not available
Partition Coefficient: N-Octanol/Water : Not available
Viscosity : Not available

Explosion Data – Sensitivity to Mechanical Impact : Not expected to present an explosion hazard due to mechanical impact. Explosion Data – Sensitivity to Static Discharge : Not expected to present an explosion hazard due to static discharge.

#### **SECTION 10: STABILITY AND REACTIVITY**

**Reactivity:** Hazardous reactions are unlikely to occur under normal circumstances.

**Chemical Stability:** Stable under recommended handling and storage conditions (see section 7).

<u>Possibility of Hazardous Reactions</u>: Part A: Hazardous polymerization can occur in contact with certain incompatible materials. Part B: Hazardous polymerization will not occur.

<u>Conditions to Avoid</u>: Direct sunlight, extremely high or low temperatures, open flames, sources of ignition and incompatible materials.

<u>Incompatible Materials</u>: Part A: Metal salts. Strong acids. Strong oxidizers. Part B: Strong acids. Strong oxidizers. Strong bases. Nitrates. Ferric chloride. Potassium permanganate.

<u>Hazardous Decomposition Products</u>: Part A: Carbon oxides (CO, CO<sub>2</sub>). Will decompose above 150 °C (>300° F) releasing formaldehyde vapors. Formaldehyde is a potential carcinogen and can act as a potential skin and respiratory sensitizer. Formaldehyde can also cause respiratory and eye irritation. Part B: Oxides of tin, zinc and carbon. Silicates.

# **SECTION 11: TOXICOLOGICAL INFORMATION**

# **Information on Toxicological** Effects - Product

Acute Toxicity: Not classified LD50 and LC50 Data: Not available Skin Corrosion/Irritation: Not classified

**Serious Eye Damage/Irritation:** Causes serious eye irritation.

**Respiratory or Skin Sensitization:** May cause an allergic skin reaction.

Germ Cell Mutagenicity: Not classified

Teratogenicity: Not available

Carcinogenicity: Suspected of causing cancer.

Specific Target Organ Toxicity (Repeated Exposure): Not classified Reproductive Toxicity: May damage fertility or the unborn child. Specific Target Organ Toxicity (Single Exposure): Not classified

**Aspiration Hazard:** Not classified

Symptoms/Injuries After Inhalation: May cause respiratory irritation. Sneezing, coughing, burning sensation of throat with

constricting sensation of the larynx and difficulty in breathing. High concentration of vapors may induce: headache, nausea, dizziness.

EN (English US) 5

#### Safety Data Sheet

According To Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules And Regulations

**Symptoms/Injuries After Skin Contact:** May cause an allergic skin reaction. Redness, pain, swelling, itching, burning, dryness, and dermatitis. Damage to central nervous system. May cause narcotic effects if absorbed through skin similar to ingestion. May cause skin sensitization and irritation. May be harmful in large amounts.

Symptoms/Injuries After Eye Contact: Redness, pain, swelling, itching, burning, tearing, and blurred vision.

Symptoms/Injuries After Ingestion: May cause nausea, vomiting, and diarrhea.

Chronic Symptoms: May damage fertility or the unborn child. Suspected of causing cancer.
