NEW FRANKEN, WI – June 10, 2019

Dental Health Products, Inc. (DHPI) announces new membership with The Organization for Safety, Asepsis and Prevention (OSAP). “It is critical that our sales force continues to capture education from the most accurate resources. Our new partnership with OSAP is the best fit to better service our accounts.”, states Steve Desautel, DHPI’s VP of Sales and Marketing.

The Organization for Safety, Asepsis and Prevention (OSAP) is a growing community of clinicians, educators, consultants, researchers, and industry representatives who advocate for safe and infection-free delivery of oral healthcare. OSAP focuses on strategies to improve compliance with safe practices and on building a strong network of recognized infection control experts. OSAP offers an extensive online collection of resources, publications, FAQs, checklists and toolkits that help dental professionals deliver the safest dental visit possible for their patients. Plus, online and live courses help advance the level of knowledge and skill for every member of the dental team. For additional information, visit www.osap.org.

DHPI is a nationally ranked, family-owned dental supply distributor supporting the dental industry with quality products, equipment and innovative solutions for nearly 30 years.
